

**→ FUNDING & SUPPORT FOR  
SPACE POWERED SERVICES  
FOR INDUSTRY 4.0 AND  
HIGH-VALUE MANUFACTURING**

**Funding up to € 60 000 per Activity**

**Deadline 7 March 2018**

The European Space Agency offers support to companies for business case assessment and development of new Space empowered services for smart factories of the high value manufacturing chain from resource to customer.

## WHAT WE OFFER

Zero-Equity Funding  
up to €60K per Activity

Access to our  
Network & Partners

Technical & Commercial  
Guidance

Brand Credibility

## WHAT WE LOOK FOR

- ✓ Motivated team with business and domain expertise
- ✓ Attractive market opportunity and customer engagement
- ✓ Commercially viable service concepts
- ✓ Technically feasible solutions enabled by Space

### Added Value of Space

Industry 4.0 and High Value Manufacturing services may need remote or global interconnectivity, robust communication, positioning, precision timing, remote control, etc. Space assets, such as satellite communication, satellite navigation, Earth observation, or human spaceflight, can enable these capabilities.

### Apply Now!

The funding and support is offered in the frame of a Kick-start Activity of ESA's Integrated Applications Promotion programme.
