Subject: Authorisation of ESA funding

In accordance with Article 6 of the General Implementing Rules for the ACCESS Programme (ESA/C/CCCX/Rules 7 (FINAL), attached to ESA/C(2025)187), the Delegation of Slovenia hereby requests that the Agency implements the following activity, within the maximum funding authorised below:

Programme Element:	ACCESS Element 2
Programme component:	Component 1 Business Applications
ACCESS Id:	4-40034
Activity Title:	Smart and Resilient Energy Systems
Authorised Funding in current economic conditions	400.000 €

The final amount to be allocated is subject to the outcome of negotiations with economic operator(s), within the maximum level of authorised funding mentioned above.

Additional comments, if applicable:

The Slovenian Delegation hereby authorises the amount of 400.000 EUR for ESA to place cooperative agreements for Proof-of-Concept (PoC) studies (up to 200.000 EUR each), submitted in response to the thematic call Smart and Resilient Energy Systems. The cooperative agreements may be placed with companies established in Slovenia, whose **full** proposals are submitted by 27 June 2027 and are positively evaluated by ESA with an average score exceeding 75, hereafter referred to as the Eligible Marking. In the event that the total (aggregated) value of proposals positively evaluated by ESA exceeds the Pre-Authorised Value, ESA will consult the Slovenian Delegation to determine whether to increase the Pre-Authorised Value or to establish a new Eligible Marking.

Yours faithfully,

Tanja Permozer
Head of Slovenian Space Office
Head of Delegation to ESA Council
