

**→ FUNDING & SUPPORT FOR
SPACE BASED SERVICES FOR
FINTECH**

Funding up to € 60 000
Deadline 19 September 2017

The European Space Agency offers support to companies for business case assessment and development of new FinTech-related applications and services incorporating Space Technologies.

WHAT WE OFFER

Funding up to
€60K per activity

Network & Partnership
Building

Technical & Business
Expertise

ESA Branding &
Promotion

WHAT WE LOOK FOR

- ✓ Top-notch team with business and domain expertise
- ✓ Attractive market opportunity and customer engagement
- ✓ Commercially viable service concepts
- ✓ Technically feasible solutions enabled by space

Added Value of Space

Financial Services can benefit greatly from space technologies: starting from new information derived from Earth Observation and Navigation satellites to the utilisation of satellite communications for strengthening blockchain technology or enabling low-cost insurance processes to finally ensure access to finance.

Apply Now!

The funding and support is offered in the frame of a Feasibility Study of ESA's Business Applications programme.
