

PORT DECARBONISATION AND ENVIRONMENTAL SUSTAINABILITY

15:00 – 16:00

Current and Emerging Solutions

Digital port platform

Thierry Ducellier

Sinay

In association with **Redshift Associates**

SINAY

SINAY 

Sinay creates a world where
humanity and biodiversity
thrive together on the Ocean

We **deliver powerful**
information to stakeholders
which help them make
decisions that
conciliate **ocean sustainability**
with **business efficiency**

SINAY 

All ocean-based industries are facing the **same challenges** that could be addressed with the **same data**

**One product to address
all ocean industries
challenges**

**The Digital Port
Platform**

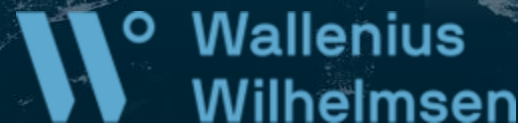

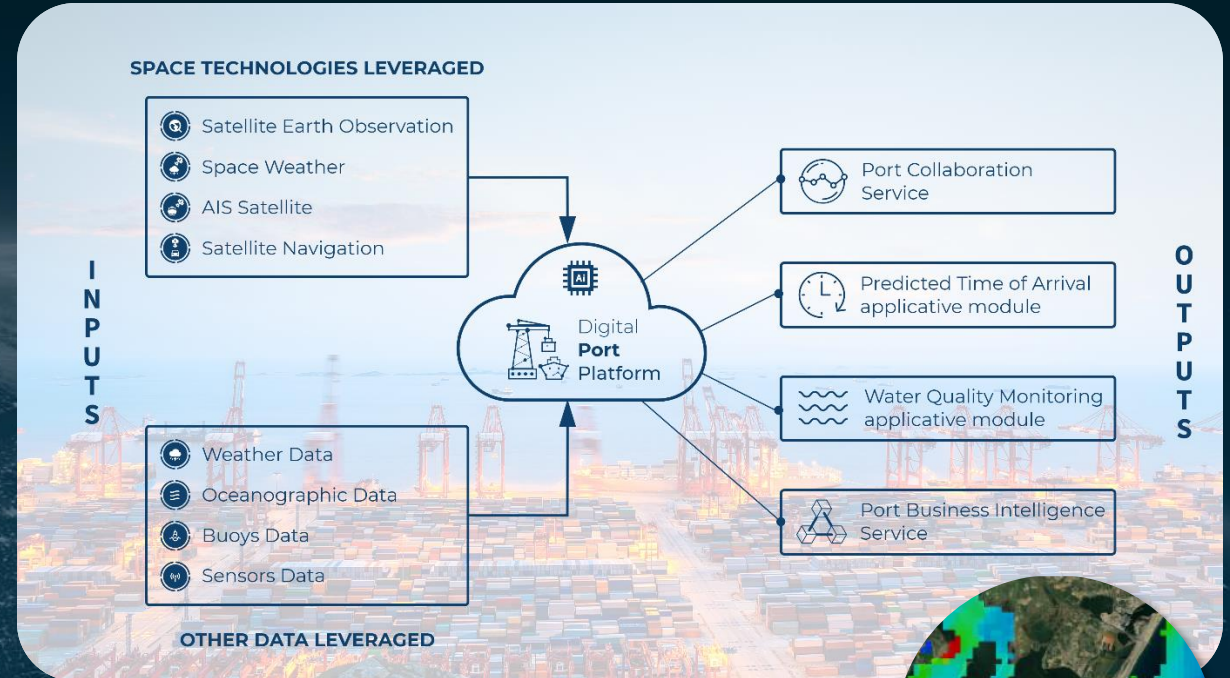

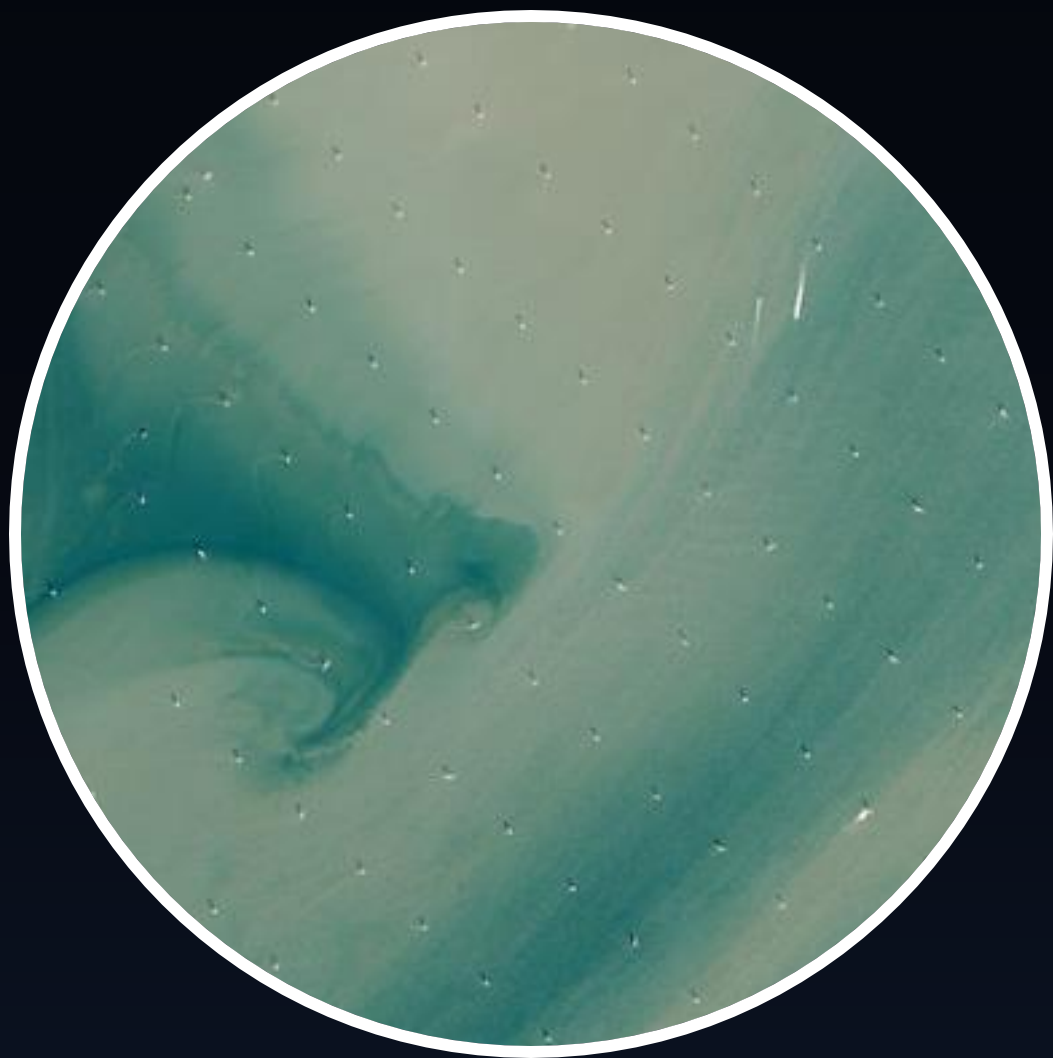

DIGITAL PORT PLATFORM

Digital Port Platform – solutions to assist port authorities regarding two big challenges:

- Enhancing Logistics Optimization
- Minimizing Environmental Impact
