

# Main Objectives of ESA IAP Arctic Workshop

1. Share ESA's vision of IAP.
2. Identify operational user needs in the Arctic region.
3. Help to establish operational services in the Arctic in areas where integrated applications are relevant:
  - ✓ Oil and Gas.
  - ✓ Shipping
  - ✓ Fishing.
  - ✓ Search and Rescue.
  - ✓ Telemedicine.
  - ✓ Tourism.
4. Preparatory steps for operational services:
  - ✓ Workshop Questionnaire (including a request for ideas).
  - ✓ Further thematic workshops (as required).
  - ✓ IAP Feasibility Studies (OC's and DN's).
  - ✓ IAP Demonstration Projects.
5. Expand involvement of user community to share success of the IAP programme.
